

C LANGUAGE

C Language Contents:

- Introduction to C Language
- Role of Compilers and Assemblers
- Procedural programming Approach
- Top to Bottom Approach

Introduction to C Basic

- Keywords
- Data Types
- Variables
- Constants
- Iden
- fiers
- Tokens
- Operators
- Memory Management in program

Flow Control Statements

- Jump Statements
- Goto
- Break
- Continue
- Conditional Statements
- If statement
- If else statement
- Nested if else
- If else if ladder
- Switch Case statement
- Interview Questions
- Iteration statements
- For loop
- While Loop
- Do while loop
- Nested loops
- Pattern Programming
- Interview Questions

Functions

- Introduction to Functions
- Types of Functions

- Call by Value and Reference
- Recursion
- Various Examples of Recursion
- Storage classes
- Interview Questions

Arrays

- Introduction to Arrays
- Several examples of Arrays like insert, delete, counter occurrence of items etc.
- Searching
- Sorting
- 2 D Array
- Several examples of 2D arrays
- Multidimensional Arrays

Strings

- Introduction to Strings
- String Handling Built in functions
- Several examples of strings
- Array of strings

Pointers

- Introduction to Pointers
- Pointer Expressions
- Types of Pointers
- Various Examples of pointers
- Array using pointers
- String using pointers
- Pointers in Functions

Dynamic Memory Allocation

- Introduction to Dynamic Memory Allocation
- Advantages of Dynamic Memory Allocation
- malloc(), calloc(), realloc(), free()
- Array Implementation using Dynamic Memory allocation

Structure

- Introduction to structure
- Advantages of Structure
- Array of Structure
- Structure using Pointer
- Structure with Functions
- Applications of Structures

Union

- Introduction to union
- Advantages of union
- Difference between union and structure

File Handling

- Introduction to file management
- File opening modes
- Opening and closing a file
- Input Output operations on file
- Applications of File management Project

Macro and Compiler Control Directives

- #define
- #undef
- #ifdef
- #elif
